## ANNOUNCEMENT

### BEGAMBLEAWARE.ORG WEBSITE REFRESH

**London, 16 December 2020:** Today the new BeGambleAware.org website has gone live. This work brings together the content that had previously been provided via two websites – a public-facing BeGambleAware.org, and professional-facing about.gambleaware.org. By combining the content on one site we hope to make it easier for all stakeholders and beneficiaries to access the information they need.

While the site is now live, it is not being formally launched until January, when updated and interactive content will be added to better support the user journey. We will be announcing the full launch in due course. In the meantime, feedback on the new site is welcome via [info@gambleaware.org](mailto:info@gambleaware.org).
